

## **GIS and Mapping Price Schedule**

The Northwest Missouri Regional Council of Governments is happy to provide Geographic Information System (GIS) and cartographic services to your community or organization. For member communities/counties, the Regional Council provides these services on a cost-recovery basis. Non-members may also access these services at a slightly higher rate. The Regional Council provides estimates at no cost. For more information, contact Zeb Steeby, GIS Technician, at (600) 582-5121.

Our GIS and Cartographic services include:

- Data Acquisition / Creation
- Custom Mapping
- Map Reproduction
- Spatial Analysis
- Aerial Imagery Acquisition
- GPS Data Acquisition
- Transportation and Asset Mapping
- Civic Mapping and GIS, including Zoning, Parcel Editing, and Infrastructure Mapping

| <b>GIS / Cartography Design</b>     | <b>Member Cost</b> | <b>Non-member Cost</b> |
|-------------------------------------|--------------------|------------------------|
| Hourly Wage                         | \$21.00            | \$30.00                |
| <b>Paper Media (rate per sheet)</b> | <b>Member Cost</b> | <b>Non-member Cost</b> |
| 8 ½ x 11                            | \$1.00             | \$2.00                 |
| 11 x 17                             | \$2.00             | \$4.00                 |
| 17 x 22                             | \$5.00             | \$10.00                |
| 22 x 34                             | \$7.50             | \$15.00                |
| 34 x 44                             | \$10.00            | \$20.00                |
